### About Cyient

Celebrating its twenty-fifth anniversary in 2016, Cyient is an acknowledged leader in engineering design services, design-led manufacturing, networks and operations, data transformation, and analytics. We collaborate with our clients to help them achieve more and together shape a better future. We call it Designing Tomorrow Together.

Our industry focus includes aerospace, defense, rail transportation, off-highway & industrial, power generation, mining, oil & gas, communications, utilities, geospatial, semiconductor and medical technology. We align closely with the business needs, goals, culture, and core values of our clients. This reflects in the deep, long-standing relationships we have developed and sustained with some of the leading names in these industries.

At Cyient, we look for people who believe in their dreams and persist to realize them. That's why we've been successful in delivering solutions that solve some of the toughest of engineering challenges. We work with world-class clients and always continuously strive to exceed their expectations. And this makes us a partner of choice across the world.

We employ over 13,500 people across 38 locations in North America, Europe, and the Asia-Pacific region. Our stock is publicly traded, and we have a sound track record of growth and profitability. We are committed to developing a sustainable society and actively promote education and inclusive growth initiatives in communities around us.
