

About us

Bonjour!

The Alliance Française of Hyderabad is a registered non-profit organization, established in 1980. It is part of the worldwide Alliance Française network, one of 16 centers in India. AF Hyderabad is a unique interface between India and France in the State of Andhra Pradesh.

Working in close collaboration with the French Embassy in India, the Alliance Française's mission is to promote French culture and language and to develop cross-cultural dialogue through a series of exchanges and partnerships.

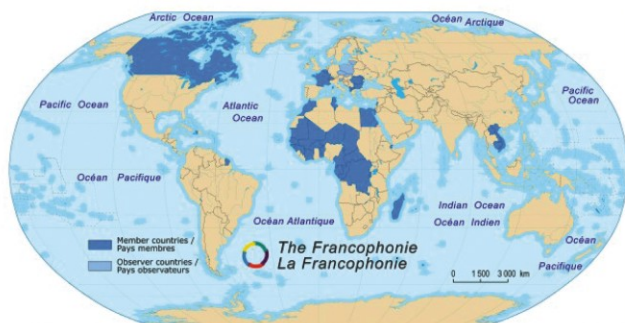

Learn French & gain a competitive advantage:

Today's business requirements are so demanding that speaking another foreign language has become the need of the hour. At present, learning French has, indeed, become indispensable for several reasons.

You may want to learn French

- To be able to add "Proficiency in French" to your CV.
- To comfortably carry out an overseas assignment
- To interact with your French counterparts
- Just for the pleasure of learning a new language and discovering a new culture.

The Alliance Française offers it all!

What we offer...

Language training:

We offer training programs that are designed in line with the Common European Framework of References of Languages (CECR), leading to a worldwide recognized certification (DELFI-DALF) from the Ministry of National Education, France.

Training programs include:

- Generic French
- Specialized French (domain-specific such as tourism, hospitality, medicine, IT...)
- Business French (Business communication both verbal and written in a work environment, Business etiquette: greeting, meeting, dining, and e-mail etiquette, and Work-related scenarios)
- Customized sessions tailored to meet your specific needs
- Workshops on grammar, culture, and civilization
- Conversation classes on socio-economic themes
- Private French classes

Business French:

Business French programs are specifically designed to cater to the needs of corporate clients. The key focus is on:

- Business communication (both verbal and written) in a work environment
- Business etiquette: greeting, meeting, dining, and e-mail etiquette
- Work-related scenarios.

Cross-cultural training:

As organizations operate, more and more, across diverse economic, geographic, and cultural boundaries, with expats moving back and forth for on-site assignments, understanding a specific country's culture and its social codes is not only a necessity but also a differentiator.

Our cross-cultural training helps you:

- To gain an understanding of culture and cultural differences
- To get an insight of other countries' social and cultural codes that impact behavior
- To develop your sensitivity toward other cultures
- To adapt and perform successfully while navigating in an unfamiliar and hostile-seeming environment
- To facilitate effective cultural dialogue that can increase your business opportunities.
