

Pebble Creek Life School, Secunderabad

Established in 2005

Total Number of Students: 501

No of Branches: 2

Location for the job opening: Thumukunta

Pebble Creek is a Montessori School that is affiliated to CBSE.

You may call it an alternative school; we would just like to be called a school that cares for children and their wellbeing.

As an educator at Pebble Creek you have to think beyond textbooks, curriculum and grades.

We want you to be a mentor, a guide who leads children on the path of learning and self-discovery.

The hazard of maintaining records and evidences, unit plans and assessments do come along with these roles, therefore the task of a teacher at Pebble Creek is even more challenging.

Besides these hazards, your role would essentially be to

1. Imagine, think and innovate.
2. Walk the talk
3. Lead from behind
4. Observe and connect with children
5. Offer support when the need is felt or expressed

Thanks & Regards,
Pebble Creek Life School.
